

This is My ISAGENIX Weight Loss Story

30 Pounds . . . 42 Inches . . . and 12% Body Fat in 60 Days !

Hi ! I'm Margaret and I'm 52 years old. I am so grateful I found Isagenix ~ a new way to improve my health ! For most of my adult life, I felt that my body was overloaded with toxins. A few years ago, I reached a critical point and knew it was time to implement a serious lifestyle change.

In 1992, at the age of 40 and one year after my daughter was born, I was diagnosed with breast cancer. I underwent radiation and chemotherapy. Due to the treatments, my immune system was compromised and my body was full of toxins and chemicals. I was also on drugs with side-effects that caused anxiety and depression.

In 2000, just three days after Christmas, our home burned down. My depression and stress were at an all-time high. At this point, I decided to pursue a bachelor's degree in Applied Health and Science. In spite of everything, I wanted to graduate. So I pushed my body even further.

In 2001, I went to work at Curves for Women™ in Butte. I graduated in 2004, and became a Personal Trainer. Although I was doing what I loved ~ exercising and eating right, I was still experiencing anxiety and depression. I knew that the toxins were starting to take their toll on my body. My extra weight was still NOT coming off.

In October of 2005, Curves was at a health fair where I met Jerry and Roberta Reher, who introduced me to Isagenix ~ a Cleansing-For-Health Program with nutritional supplements. They told me about the people who felt better and had more energy after being on these products. I started the very next day with the Ionix Supreme ~ which gave me a feeling of calmness and well-being, improved my sleep, and increased my energy and stamina. My body was so full of toxins that my digestive and stomach problems were still an issue.

I started my 9-Day Cleanse, but ended up doing it over 30 days ! I felt so good on this program that I just didn't want to stop! After three weeks of cleansing, taking shakes and Ionix, I started feeling better. My digestive and stomach problems improved. At this point I had lost 10 pounds, 10 inches, and 4% of my body fat. It was so exciting.

I have always been an active person. I eat organic food and exercise regularly. After two months on Isagenix, I now have lost 30 pounds, 42 inches, and 12% body fat . . . I have never seen results like this ! Thank you, Isagenix and Curves, for my renewed body. Thank you, God, for bringing me this miracle of new life. I highly recommend Isagenix's unique products, along with a healthy exercise program. As you cleanse and detoxify your body, you will lose weight. You'll feel and look better ~ and can even make money doing it. It doesn't get any better than that.

Margaret Martell ~ Butte, MT
